## INTERNSHIP COMPLETION CERTIFICATE

This is to certify that **Mr. Udayagiri Mohammed Fazil**, Reg No: **23MC5A0212**, from **R.K College of Engineering** who is pursuing **B.Tech (EEE)**, has successfully completed his internship on **"Electric Vehicles"**. The duration of internship is from **15-05-2024 to 07-07-2024** and designated as Intern.

During this period, he worked on the various areas of electric vehicles and successfully met the objectives that were set at the beginning of the Internship. We found him extremely inquisitive and hardworking. He was very much interested to learn the functions of our core division and also willing to put his best efforts and get into the depth of the subject to understand better.

We wish him all the best in all his future endeavors.

has successfully Completed Internship on Embedded Systems, Arduino Uno & IoT Internship Virtual Internship, during February-April 2024 at Naresh Technologies and Consultancy Services.

During this period, the intern has served as a Embedded System Intern and has displayed remarkable exceptional coordination skills and effective communication abilities.

Intern has consistently approached new assignments and challenges with enthusiasm towards Embedded Systems. Intern has commitment and willingness to acquire new knowledge and skills have been evident throughout internship.

## Internship Details:

Internship ID : INTERNSHIP\_170573844065ab80e836018  
Location : Virtual  
Duration : February to April-2024

## Industrial Visit Report: Andhra Medical Tech Zone (AMTZ)

*Date: 6<sup>th</sup> March 2024*

*Venue: Andhra Medical Tech Zone (AMTZ)*

*Participants: 60 Electronics and Communication Engineering students and 3 faculties*

### Introduction:

The industrial visit to Andhra Medical Tech Zone (AMTZ) was organized for 60 students pursuing Electronics and Communication Engineering, accompanied by three faculties. The objective of the visit was to provide students with practical insights into the cutting-edge technologies and innovations in the medical technology sector.

### Arrival and Welcome:

The group arrived at AMTZ premises at 10:30AM, where they were warmly welcomed by the AMTZ staff. A brief introduction to the organization and its mission was given, setting the tone for an educational and enlightening experience.

*Handwritten signature*

*Handwritten signature*

**PRINCIPAL  
R K COLLEGE OF ENGINEERING  
Kethanakonda (V), Ibrahimpatnam (M),  
Vijayawada, AMARAVATI-521 456**

### Overview of AMTZ:

AMTZ, located in Vishakhapatnam, is a state-of-the-art facility dedicated to the research, development, and manufacturing of medical devices. The students were given a comprehensive overview of the zone's functions, emphasizing its role in promoting indigenous manufacturing and innovation in the healthcare sector.

### Guided Tour:

The students and faculty were divided into smaller groups and taken on a guided tour of various departments within AMTZ. The tour covered the following key areas:

RKCE**

*Handwritten signature*  
PRINCIPAL  
R K COLLEGE OF ENGINEERING  
Kethanakonda (V), Ibrahimpatnam (M),  
Vijayawada, AMARAVATI-521 456

### 1. Research and Development Labs:

- Witnessed ongoing research projects related to medical electronics and communication.
- Interacted with research scientists and engineers to understand the challenges and breakthroughs in the field.

### 2. Manufacturing Units:

- Explored state-of-the-art manufacturing facilities for medical devices.
- Gained insights into the manufacturing processes, quality control measures, and adherence to international standards.

### 3. Testing and Quality Assurance:

- Learned about the rigorous testing procedures implemented to ensure the safety and efficacy of medical devices.
- Demonstrations of quality assurance protocols and compliance with regulatory standards.

### 4. Innovation Hub:

- Visited the innovation hub where startups and entrepreneurs collaborate to bring new ideas to fruition.

RKCE**

  
PRINCIPAL  
R K COLLEGE OF ENGINEERING  
Kethanakonda (V), Ibrahimpatnam (M),  
Vijayawada, AMARAVATI-521 456

- Engaged in discussions with innovators and entrepreneurs, understanding the role of electronics and communication in medical innovations.

#### Interactive Sessions:

The visit included interactive sessions where students had the opportunity to ask questions, seek advice from industry experts, and gain valuable insights into career prospects in the medical technology sector. Faculties facilitated discussions on the practical applications of Electronics and Communication Engineering in the healthcare domain.

#### Conclusion:

The industrial visit to AMTZ proved to be an enriching experience for both students and faculty. It provided a real-world perspective on the integration of electronics and communication engineering in the medical field. The exposure to cutting-edge technologies and the opportunity to interact with professionals in the industry will undoubtedly benefit the students in their academic and career pursuits.

### Acknowledgments:

We extend our heartfelt gratitude to the management and staff of AMTZ for their warm welcome, informative sessions, and the seamless organization of the industrial visit. Special thanks to Nitturi Naresh Kumar (Scientist-D) for their guidance and support throughout the visit.

This industrial visit has undoubtedly broadened the horizons of our students, and we look forward to more such collaborations in the future.

## R K COLLEGE OF ENGINEERING

(Accredited by NAAC with 'A' Grade)

To improve skill and knowledge of the students in their academics, with the inspiration from the principal of our college Dr. K. Rama Krishnaiah garu, the Diploma in ECE had taken an initiation to conduct educational tour. As a part of it ECE department thought of visiting SDSC SHAR.

MR. V.V.G.S.RAJENDRA PRASAD, Head Department of ECE prepared a requesting letter to SDSC SHAR public relations officer & librarian Mr. Subrahmanya Sharma.

Our honorable chairman sri M.M.KONDIAH garu and hon'ble secretary Dr.M.MHENDHRANATH garu who had good relations with SDSC SHAR employees, spoke them and influenced them, so we had given permission for visiting SDSC SHAR. The staff and all the final year students were very much thankful to the management.

Principal sir declared the date for visit as 07<sup>th</sup> March, 2024.

Then we prepared schedule to take the diploma students of ELECTRONICS AND COMMUNICATION ENGINEERING

### SCHEDULE

TIME	VISITED PLACE
04:00 AM	REACHING SULLURPET AND STAY IN THE HOSTELS (BOYS AND GIRLS) OF "GOKULA KRISHNA ENGINEERING COLLEGE"
07:30 AM	BREAK FAST AT HOSTEL OF GOKULA KRISHNA ENGINEERING COLLEGE. (SPONCERED BY RKCE MANAGEMENT)
08:00 AM	STARTING JOURNEY TO SHRIHARIKOTA
09:00 AM	REPOTING AT FIRST GATE OF SDSC SHAR
09:30 AM	REPORTING AT LIBRARY ( PRO) IN SRIHARIKOTA
	SHAR VISIT AS PER THEIR GUIDENCE.
04:30 PM	RETURN FROM SHRIHARIKOTA

**STAFF CO-ORDINATORS:**

DEPT.	FACULTY NAME
ECE	1.V.V.G.S.RAJENDRA PRASAD 2.Y.V N M Sarma 3.V.Vajralakshmi

**Protracted description:**

Staff co-coordinators hired from COLLEGE BUS and RAILWAYS. Total students along with staff started as per schedule on March 06<sup>th</sup>.

We reached GOKUL KRISHNA ENGINEERING COLLEGE, SULLURPETA by 04:00 am; we were arranged accommodation by Gokul Krishna Engineering College hostel.

Students and staff were ready by 7:30am, finishing their breakfast to go to SHRIHARIKOTA. Busses started to go to Shriharikota.

Afterward we reached SHRIHARIKOTA by 9:00am and reported at gate no:1 after completing checking formalities we visited central library in SHAR, and at there we reported to public relations officer. He arranged a guide to support us and explain everything.

#### Video Visuals:

Firstly, we were directed to sit in the auditorium. After faculty and students occupied their prearranged seats they started a video show. The video was covered 30 minutes explaining all of the SHAR activities.

SATISHDHAWAN space center SHAR at SRIHARIKOTA is one of the best known places among the spaceports of the world today. The space center which was popularly known as SHAR (Sriharikota Range), was renamed as 'SatishDhawan space center SHAR' on Sep' 5th, 2002 in memory of prof.Satish Dhawan who was occupied as a former chairman of Indian Space Research Origination (ISRO). The First Indian Lunar Mission, Chandrayaan - 1 and 1<sup>st</sup> interplanetary mission of India, Mars Orbiter Mission (MOM) were take off from here apart from other satellites.

#### PROPELLANT PRODUCTION

SDSC SHAR has two solid propellant processing plants for processing large size propellant grains of satellite launch vehicles.

#### QUALIFYING ROCKET MOTOR

Rocket motors and their sub systems have to be rigorously tested today and evaluated on ground before they are declared flight worthy..

Other test facilities include systems for the environment testing of rocket motors and their subsystems under vigorous conditions like vibration, shock, Constant acceleration and thermal. S200 motor, the largest solid propellant booster ever produced by ISRO, was static tested here.

### VISIT TO NEW MISSION CONTROL CENTRE

After completion of video visual about activities of SDSC SHAR, in their guidance we moved to new MISSION CONTROL CENTRE in two buses after completion security check.

The new Mission Control Center (MCC), situated about 6km away from the launch complex, coordinates and conducts the launch operations during the countdown phase till the injection of satellite into the orbit. The MCC is linked to all ground stations through communication link for voice and data transmission. A host of new facilities including radars systems, Optical tracking systems, telecom and systems, real time computer network, a wind profile radar (MOTR) are established with indigenous technologies which helps even for tracking of space Debris.

## VISIT TO LAUNCH COMPLEXES

SDSC SHAR has two operational launching complexes, each equipped with the necessary infrastructure for launching satellites into LEO (Lower Earth Orbit), Polar Orbit and Geo Stationary Transfer Orbit (GTO). The launch complexes provide complete support for vehicle assembly, satellite preparation, Propellant filling, checkout and launching operations. Apart from these facilities for launching, Sounding Rockets are also available at SDSC SHAR. The individual stages of PSLV or GSLV, their subsystems and space craft are prepared and checked out in the separate facilities before they are sent to launch pad for integration.

### NEW LAUNCH PAD ALONG WITH ROCKET ERECTION LAB

For meeting the growing national needs, in terms of enhanced launch frequency, a new facility viz. second vehicle assembly building (SVAB) is being added at 2<sup>nd</sup> launch complex. The launch complex and rocket was protected by four lightning towers in four corners of complex.

There is an underground duct to blow away starting fire and there is a water tank with 3lakhs liter capacity. The water used to sprinkle on when rocket body launch was fired (the three lakhs liter water was fully sprinkled in three minutes to protect rocket body from fire).

**Coordinator-IQAC  
RKCE**

  
PRINCIPAL  
R K COLLEGE OF ENGINEERING  
Kethanakonda (V), Ibrahimpatnam (M),  
Vijayawada, AMARAVATI-521 456

After Completion of Visit at Launch Complex We Moved To Tracking and Telemetry Section. The range instrumentation facilities comprise of tracking, telemetry and tele command systems serve both the launch pads. The vehicle position information is instantaneously computed in Real Time from tracking data is used for evaluating the performance of the vehicle. The performance of the data of various systems of the vehicle is acquired by telemetry ground stations.

A group of space craft preparation facilities which are versatile safe and totally secured, are available at SDSC SHAR. They effectively meet the growing size of the satellite payloads, as well as customer requirements for more efficient, cost effective and faster paced launch campaigns.

The launched rocket was tracked by four base station radars which are geographically located in four different places of world so that they can have a track of rocket and satellites till placed in the ORBIT.

We are at Information Museum

On the end of the day during the return we had collected a Feed Back from each student inside the Bus. Students felt very happy and shared their views that the trip was given both knowledge and enjoyment in their academic career and they requested us to arrange this knowledgeable tour to their juniors also. This Industrial visit is helping more to elaborate both their knowledge and pleasure not only them but also their juniors.

Yours faithfully

**DEPARTMENT OF FED**

1. Title of the Activity: A visit to Dr.N.T.T.P.S Generators & Transformers in Ibrahimpatnam, Vijayawada
2. Program Type: Industrial Visit
3. Date: 17/10/2023
4. Number of students participated: 323
5. Number of faculty participated: 3
6. Objective:
  - i) To train the student with good scientific, engineering and manufacturing breadth so as to understand, analyze, design and create new products
  - ii) To know various operations of generators and Transformers
  - iii) To provide the students with a strong foundation in physics, science and engineering
  - iv) To better understand of the machinery/technology used in production
  - v) To know about industry environment
  - vi) To understand automation concepts in production generators and transformers
7. Faculty coordinator: Dr.G Srinivasa Rao, T.David Raju, and Suresh
8. Student coordinator if any: No

## REPORT:

Firstly, they took us to canteen for refreshments and further they led us the main production unit, where we saw the manufacturing of Generators and Transformers continued by the session of the production of Generators and Transformers

They explained how to manufacture a superior quality product at a reasonable cost and also showed us the products performance as per bureau of Indian standards and quality control as per ISO 9001:2015.

We have seen how an imported thermal overload protector which shuts of power supply to the Generator when winding temperature rises above regular permissible level, eliminating coil burnout problems.

At the last, the students queries have been taken up about the production of generators and Transformers. The present visit helped the students to know about modeling, machining, joining, sharing and forming processing practices. The responses gained were acknowledged by all the students.

We thanked the college of Management studies for providing us this opportunity to learn and interact with the professional
