reg.

Respected Sir,

I am writing this letter to request permission to conduct a seminar on 24th & 25th JAN 2019. I wish to conduct a Seminar on “WIRELESS COMMUNICATIONS” in regards to the new trend in Wireless Communication technology. I believe this will be a very informative seminar that many students will wish to attend.

Our students are the future of tomorrow, and they really need to understand the process and advantages of WIRELESS COMMUNICATION as an update in present communication technologies. I believe small steps must be taken to educate everyone on the seriousness of this matter, and this is one of them.

Thanking You,

Yours Sincerely,

Disadvantages:

- Wireless communications are limited by the range of the transmitter
- Cost of wireless communication system and components are high
- When transmitting data, users must sometimes send smaller bits of data so the information moves more quickly. The size of the device that's accessing the information is also still an issue.
- Many applications need to be reconfigured if they are going to be used through wireless connections.
- Most client/server applications rely on a persistent connection, which is not the case with wireless.

The DAC (Distance Accreditation Council) logo is a triangular emblem. It features a stylized open book with a quill pen resting on it, set against a background of a grid of small circles. The acronym 'DAC' is prominently displayed in large, bold, black letters. Below the acronym, the text 'Distance Accreditation Council' is written in a smaller font. At the bottom of the triangle, the Arabic text 'مجلس اعتماد التعليم عن بعد' is inscribed.
